OBJECTIVE

To obtain a web developer position where I can leverage my technical skills and creativity to build innovative and efficient web designing, contribute to team success, and continuously grow in a dynamic and challenging environment.

SKILLS

EXPERIENCE

NMR Infotech   **nov 23 - Present**
Frontend Web developer

Frontend Development:

Develop and maintain high-quality, responsive, and SEO-friendly websites.
Implement user-friendly web interfaces using the latest technologies.
Ensure cross-browser compatibility and optimal performance.
Stay updated with web development trends and best practices.

Digital Marketing:

Execute on-page and off-page SEO strategies to drive organic traffic.
Analyze website performance and provide actionable insights.
Manage and optimize digital marketing campaigns across various channels.

Designing:

Create visually appealing layouts using Canva and Photoshop.
Design and edit basic visual elements and images needed for the website.
Handle small, basic image editing tasks independently.

This new page showcases various projects and initiatives undertaken by Sridevi Paper Plates, providing detailed information and visuals to enhance user engagement and highlight the company's work.

PROJECT Title : Spaandsalon
LINK : http://tantrikaspaandsalon.in/
DESCRIPTION :
In this project, I added a slider, images, WhatsApp icons, and a branding section to the Tantrika Spa and Salon

PROJECT Title : medicalweb
LINK : https://subash3472.github.io/medicalweb/
DESCRIPTION :
This is a training project assigned by MMR Infotech. I developed the entire MedicalWeb site within 2 days, ensuring it is fully responsive and provides an optimal user experience across all devices.

PROJECT Title : Srihariengineering
LINK : https://www.srihariengineering.com/
DESCRIPTION :
In this project, I worked on the About, Machinery, and Gallery pages of the Srihari Engineering website. I used Photoshop to edit the photos, enhancing the visual appeal and professionalism of the site.

PROJECT Title : Lionsrinidhi
LINK : http://lionsrinidhi.com/contact.html
DESCRIPTION :
In this project, I worked on frontend form submission and added WhatsApp and phone icons to the Lionsrinidhi website, improving user interaction and accessibility.

PROJECT Title : msrinfotech
LINK : http://msrinfotech.co.in/
DESCRIPTION :
In collaboration with the team, I developed the Service page for the MSR Infotech website, which contains 9 sections, showcasing the range of services offered by the company.
